Flooding problems to be tackled

Antioch trustees have instructed village engineer Frank Angelotti to set forth a program to help remedy flooding problems.

This was decided Monday night at the public works committee meeting after a lengthy discussion of flooding problems besetting the village.

THE PROGRAM is to list priorities and cost calculations. Attention will be given to the possibility of a water retention area at Doc Jensen Park.

Some of the discussion was prompted by the presence of Mr. Michael Teeley, environmental education director for School District 34, who claimed he had researched the water detention issue and found that much of the problem arises from the high degree of urbanization within the village.

IT IS MR. TEELEY'S opinion that covering and paving land interferes with natural water drainage processes. He felt that further construction of homes must be curtailed or at least slowed down until better water detention facilities are built.

"For those of us living here now, some attention should be given to the flooding we've been experiencing here ... What's being done? What is going to be done?" asked Mr. Teeley.

Mayor Michael Haley said the board must decide what needs to be done and find out what grants are available for this type of work.

Following the mayor's suggestions, village trustee Donald Amundsen recommended that Mr. Angelotti begin work on the creation of a program to help alleviate village flooding problems.

Schools get additions and remodeling

By LINDA BARNES

The summer months brought much in the way of remodeling, repair and building additions to schools in Antioch township.

This includes elementary schools as well as the high school building.

Part of the work is yet to be completed. Some of the work done involved certain state and federal life-safety regulations which require school repairs and alteration within designated periods of time.

Chief considerations with life-safety codes are heating and ventilation systems, electrical wiring, fire-safety

Former well-known Antioch man dies

Frederick J. Walpole, former president of the Antioch Savings & Loan Association, passed away suddenly last Friday at the age of 47.

Mr. Walpole died at his home in Arlington Heights. After leaving Antioch he had been an officer of Uptown Federal Savings and Loan in Chicago since 1976.

He was born Jan. 15, 1931, in Chicago and lived in Antioch from 1960 until 1976.

SURVIVORS INCLUDE his wife, Betty; four daughters, Linda of Lombard, Ill., Kathleen (Donald) Onchuck of Phillips, Wis., Jennifer (Scott) LaChance of Phillips, and Christine of Arlington Heights; and three sons, Frederick of Deerfield, and Kevin and David, both of Arlington Heights.

Mr. Walpole also is survived by two stepsons, Don (Chris) Jackson of Lake Villa and Ronald Jackson of Arlington Heights.

Other survivors are his father, Frederick W. Walpole of Arlington Heights, and a sister, Kathleen (Ronald) Moore of Wheaton.

Mr. Walpole was one of the founders of the Antioch Savings and Loan, a member of the U.S. and Illinois Savings & Loan League, a member of the American Savings & Loan Institute where he had taught for several years, past president of the Antioch Chamber of Commerce, and at one time he was a member of the Lake County Crime Commission.

FUNERAL SERVICES WERE held at 2 p.m. Tuesday

Fred Walpole

at the Strang Funeral Home in Antioch. Interment was in Home Oak cemetery. Friends called at the funeral home from 3 to 9 p.m. on Monday.

Those desiring may make contributions to the Antioch Rescue Squad or the American Heart Association in Mr. Walpole's memory.

SELECTING THE FINALISTS for Rittenhouse & Embree Lumber company's annual "Grand Slam Sale trip" were Jo Williams

(left) and Bud Scichowski. Story appears below.

Finalists are selected in vacation contest

Sixteen names and 20 numbers were selected last Saturday as finalists in Rittenhouse & Embree Lumber company's annual contest which sends two people on a trip to either Las Vegas, Acapulco, Orlando-Disney World or Mexico City.

The winner of the "Grand Slam Sale" trip for two will be able to take his or her choice.

The 16 persons whose names appear below will be invited to a cocktail party at 7 p.m. on Wednesday, Sept. 27, at Harbor Ridge Country Club. There, they will be entertained by Francis (Bud) Scichowski of Rittenhouse & Embree and will participate in a "mystery contest" to determine the winner of the vacation trip. Other prizes also will be awarded.

In addition, the 20 persons who have the ticket numbers

listed below can be invited to the party if they come to the lumber company on Depot St. and register.

The finalists' names:

Robert Brady, Lake Villa; David Carlson, Antioch; Ed Gardula, Antioch; Dona Greenfield, Antioch; George Hahn, Antioch; Roger Hallwas, Antioch; Frank Hamtak, Bristol; Roland Hartman, Evanston; Robert Hula, Spring Grove; Roger Jacobsen, Bristol; Richard Magee, Antioch; James Novak, Trevor; R.M. Procbrou, Deerfield; Ronald Sasso, Wooddale; Sheila Schroeder, Antioch; Joseph Wydra, Chicago.

'Community Awareness Night'

Meet and talk with the people who serve you ... on Wednesday, Sept. 27, between 7 and 10 p.m. at the Antioch High School commons.

The purpose of the meeting is to bring together the people of the village and the township of Antioch to afford them an opportunity to become acquainted with their village and township officials, the fire department and the rescue squad. Also, school boards and many of your service organizations who help serve the community's needs.

Free blood pressure checks by the rescue squad will be given. The event is being sponsored as a community

project by the Antioch Republican Club.

Free refreshments will be served by the club.

Charge 2 with tire slashing

Antioch police have apprehended Paul S. Barrett, 19, of Lake Villa, and Todd Urban, 20, of Round Lake Beach for allegedly slashing the tires of a pick-up truck near Antioch Bowling

Lanes.

According to police, this occurred around 10 p.m. Monday and resulted in over \$400 in damages.

Both suspects have been bonded, pending court appearances.

Schools in truancy program

Antioch's District 34 Grade School board has voted to enter the Lake County Joint Agreement for Truancy Alternatives Program.

This occurred at the last board meeting, Sept. 5, after an introduction to the program by Dr. Donald Skidmore, superintendent.

The program would cater to students unable to function in the normal school setting, for example a disruptive or abusive child, and would offer him an opportunity to enter into some type of alternative educational program.

A grant for the program is provided by the Illinois Office of Education and is matched by local money. The program operates on a first-come first-served basis.

"It would be well that we get on this program as soon as we could," said Dr. Skidmore before the final vote was made.

Nutrition advice given by phone

Area residents with questions about diet or nutrition can call Waukegan's Victory Memorial Hospital day or night and receive information from one of the staff dietitians.

Called "Dial-A-Dietitian" the program is designed to serve the community by answering inquiries about commercial products, good nutrition and balanced diets, feeding children, health foods and vitamins and weight control.

Persons can call 688-4094 between 8 a.m. and 5 p.m. and talk directly with a dietitian. During nighttime hours persons can leave their name and question on the automatic answering service and their call will be returned the following day.

Terry Lowe, director of food service at the hospital, said, "Good eating habits play an important role in disease prevention."

Facts & Fancies

Made first in 1922 from corncobs and cornstalks, *cornstone* is still used as a structural material because it's harder and stronger than any natural wood.

In the summer of 1622, several members of the Plymouth Colony were whipped in public for picking and eating corn before it was ripe.

Modern American farmers help their corn live to grow ripe by getting rid of weeds with an atrazine herbicide such as AAtrex 4 L. A 2 1/2-gallon jug of AAtrex 4L empties in 13 seconds.

Tree stump removal planned

Bids will be opened Oct. 2 for tree stump removal on Victoria, Harden and Spafford Streets.

This was decided Monday night at the public works committee meeting where Mr. Walt Shepard,

superintendent of public works, spoke of the need to have the work done this fall.

Mr. Shepard said that there are 18 or 20 tree stumps to be removed on these streets and it should

be done before winter sets in.

The village trustees decided immediately to advertise for bids for contractors to do the stump removal work.

PETITIONS ARE BEING signed at The World Famous Village Pub to keep Howard Cosell out of Chicago.

Owner Bill Georgeson said Cosell is expected in Chicago Sept. 25, for the Monday night football game between the Bears and the Minnesota Vikings.

"He's a loudmouth; he always bum-raps Chicago and he always bum-raps the Bears. Antioch's true-blue Bear fans don't appreciate anyone in the news media doing that," said Georgeson.

It's about time someone took a stand like this against Cosell. Keep it going, Bill!

WHILE WAITING for the walk light at Lake and Main streets the other day, Bobby Diemer turned the corner, stopped his truck and said:

Gypsy moths found in McHenry

A possible infestation of the gypsy moth in McHenry County has state and federal forestry experts on-guard against the pest in this area.

Eight gypsy moths have been caught in traps set earlier this summer by conservation and agriculture officials within a one-mile radius of the town of McHenry. Three moths were trapped in Lake County and two in Cook County. In Kane County, one gypsy moth was snared.

Once an infestation of the moth is documented, a spraying program to eradicate the pest is generally put into effect.

Containment of the pest is important because the gypsy moth is probably a worse threat to hardwood forests than Dutch Elm blight. Not particularly selective, the gypsy moth has destroyed some 18 million acres of forest in New England in the past 50 years.

Only in the past 15 years has the moth been a problem in the Midwest.

Because the moth was imported to this country from Europe, it has no natural enemies here to help control it.

The gypsy moth presence detected in McHenry County could be the overflow of an infestation in Waukesha County, Wisconsin, where 600 moths have been taken in only 40 traps so far this year.

The moth extends its range primarily by hitchhiking on vehicles.

Don't buy ZIP code book from salesman

Postmaster Wayne Van Heirsele has cautioned citizens of Antioch to be wary of door-to-door sales of incomplete or out-of-date ZIP Code or Post Office directories.

"Businesses and households in Antioch should be on the lookout for persons going door-to-door selling these directories. They are not authorized to do so by the Postal Service," Van Heirsele said.

Frequently, the one doing the selling will be a young person posing as a student who will "use the proceeds from the sale to further his or her education."

A ZIP Code directory is of little use unless it contains ZIP Code information for the 480 major cities which have more than one ZIP Code. The directories being sold door-to-door often list complete ZIP Codes only for smaller post offices having one Zip Code. In addition, the information in them may not reflect changes in ZIP Code assignments which are made periodically to accommodate post office changes and community growth.

The postmaster urged residents to report any local incidents of such sales.

The official 1979 Zip Code Directory, published by the Postal Service, is available from Government Printing Office stores in 20 major cities, or by mail from the Superintendent of Documents, Washington D.C. 20402, for \$7.50.

It is also sold by several publishers licensed by the Postal Service, but none sell them door-to-door.

LETTERS

To the Editor:

Those seeking special protection for victims of wife and husband beating should consider a recent study reported by Dr. Kenneth Lewis of East Carolina University, which found that 78 percent of juvenile delinquents come from mother only families, and in 8,000 cases of reported child abuse or neglect - 96 percent were from mother only homes, 0.1 percent from father only homes.

May we assume that abusing parents teach their children to be spouse beaters? If so, then protecting today's children protects tomorrow's spouses and taxes spent on havens for abused spouses merely hacks away at the branches and neglects the root of the problem.

Motorcycle goes off road, rider killed

A 29-year-old Antioch man, Theodoor J. Van Empel, was killed last Thursday night when his motorcycle went out of control, hit a road sign and a tree and was thrown into a cluster of trees on Rte. 173, 75 feet east of Linden Avenue.

Van Empel, of Orchard Avenue, was pronounced dead at 8:28 p.m. at Victory Memorial Hospital, Waukegan. The accident happened at 7:05 p.m.

While the victim was being given first aid by the Antioch Rescue Squad at the scene, he reportedly said he was traveling west on Rte. 173 and an unidentified car that came toward him caused him to lose control of his motorcycle.

The motorcyclist and his vehicle left the north edge of the highway. The motorcycle traveled roadside along the road shoulder and struck a speed limit sign.

The motorcycle then went over a small embankment and struck a tree about four feet above the ground. The last impact apparently tossed Van Empel into a cluster of trees.

Lake County Coroner Robert Babeox has named a coroner's jury to investigate the accident.

Cancer Society's Bike-A-Thon here Oct. 1

Pres Reckers, chairman of the American Cancer Society's 7th annual Antioch Bike-A-Thon, has announced that the 1978 event will be held on Sunday, Oct. 1, from 9 a.m. to 4 p.m.

Prizes to be awarded to top riders in the 1978 Bike-A-Thon include a 10-speed bike donated by the State Bank of Antioch, a 5-speed bike donated by the Shoe Box and a 3-speed bike donated by Four Squires.

ENTRY BLANKS are now available in area schools, at the Antioch village hall, State Bank of Antioch, The Shoe Box, Four Squires and McDonald's.

The annual Bike-A-Thon event will be taking place on 14 separate routes throughout Lake County.

The seven-mile Antioch route will start at the Fire Station and proceed west on Orchard Street to David Street, then south to Lake Street, west to Tiffany Road, north to North Avenue, south to Little Silver Lake Road, and west to the Fire Station starting point.

Participants in the Bike-A-Thon can begin their ride only from the first checkpoint of the Fire Station starting at 9 a.m. Other checkpoints on the route are the Antioch Evangelical Free Church on Tiffany Road and the Atwood residence on Deep Lake Road, south of North Avenue.

RIDERS ARE ENCOURAGED to ride the Antioch route as many times as they are able, but no one can pass through "checkpoint one" at the Fire Department after 3 p.m.

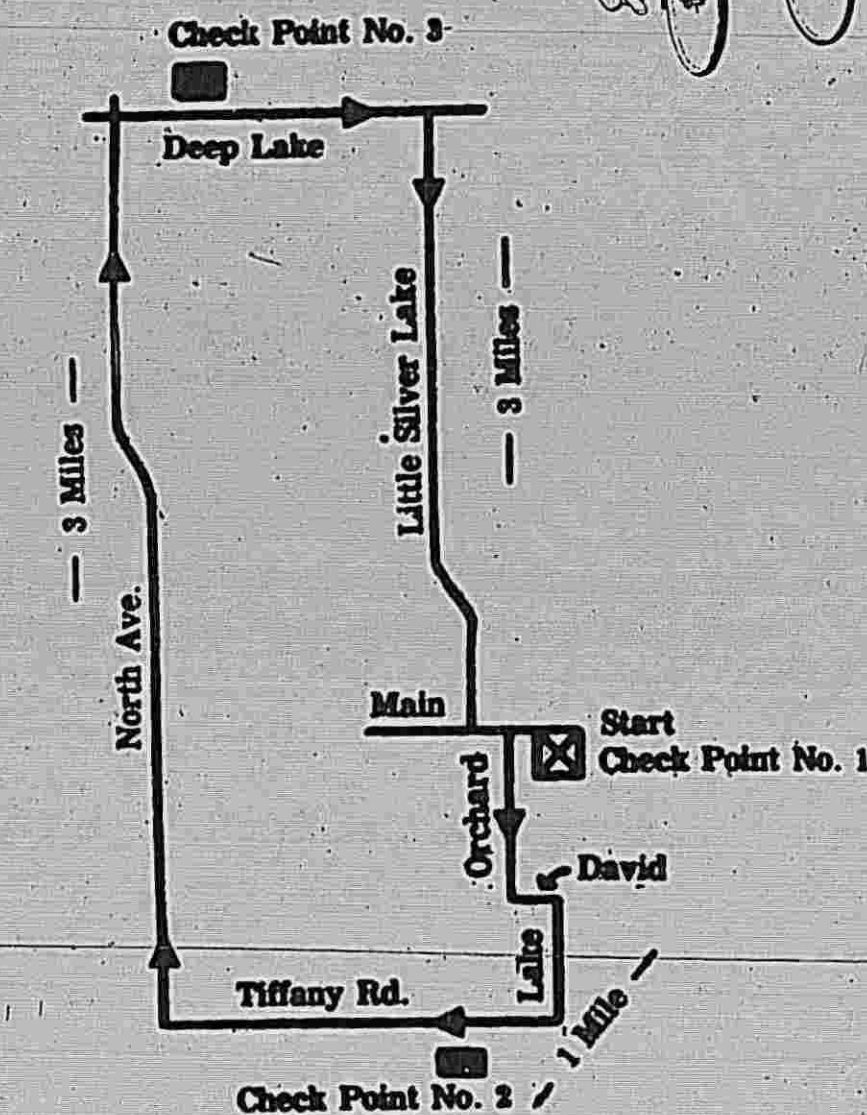

Anyone who wishes to participate should obtain as many sponsors as possible prior to the date of the ride.

Parents, teachers, friends, relatives, neighbors, merchants and businesses are good sources.

They can be asked to sponsor riders for each mile they ride. For instance, a good starting pledge would be a dime a mile, and many sponsors in the past have paid more per mile.

RIDERS MAY CARRY a small passenger during the ride and sponsors for the little one can also be obtained.

Prize-winning top riders in the 1977 Bike-A-Thon event

were Timothy Cook, first prize with a total of \$725.25; Roger Knowlton, second prize with \$382.60; and Shawn Kelly, third prize with \$322.40.

"This event attracts riders of all ages, said Mr. Reckers, and we have always been fortunate to have the total cooperation of the community, including interested citizens, members of the Fire Department, Police Department, and Antioch Jaycees."

"If you're planning to take a Sunday ride on Oct. 1, we welcome one and all to make it a cycling event for the benefit of cancer research," he added.

The land in question lies within the Antioch Hills subdivision, overlooking Lake Antioch and bordering a group of high-cost single family homes.

If it had been accepted, the petition

would have authorized the rezoning of the property from R-1, single family residential, to R-4, two-family residential. The petitions' intention was to erect four apartment buildings on the land.

The petition was met with opposition from residents in the Antioch Hills subdivision who felt that construction of apartment buildings would depreciate the value of homes in the area.

Lisa Ann is the daughter of Mrs. Jean Irving of Antioch.

REFLECTIONS

La Dolce Vita

By LINDA BARNES

There is a house over on Rt. 45, not far from Millburn Center, which has a large red-lettered sign near it marked La Dolce Vita... The Sweet Life.

Upon seeing the house, one can't help but imagine that those who live there gave it this name with the hope that their home and its environs would serve as a pleasant, peaceful, retreat for them and for all who came to it.

THERE IS SOMETHING about the house which does suggest a sweet life. There is a feeling of coziness, order, slowness, and serenity... a feeling that makes you want to turn right down their drive and set right into the rhythm of their created Dolce Vita.

One also feels touched with the thought that someone could be so pleased with and proud of this home that he would take the time to tell all those who pass that this is his idea of the sweet life.

THE SWEET LIFE... the good, sweet, happy life. It would seem that most of us yearn for this. It would seem that many of us spend our lives in search of it.

Our ideas of the sweet life are as varied as we are... a farm with lots of neighbors and children, a ranch, a good job, more time, simplicity, security, freedom, independence, travel, success, money, prestige.

But in the end, all of this can be traced back to a few basic needs.

AT OUR CORE, it would seem that much of our activity and desires are related to a search for love.

We want to feel loved, liked and accepted by others. We need to feel a strong sure sense of personal dignity and integrity. On a deeper level, we need the companionship of a life shared with a loved and respected partner. And when all of this is firmly established, we can see that we are, in the end, in search of peace of mind.

For isn't this ultimately what we all crave and seek? Isn't peace of mind, no matter where we are, what we own, or how we live, what would make our lives truly La Dolce Vita?

Linda Therry becomes bride of Don Zeman

On Aug. 5, at an afternoon ceremony, Linda Therry, daughter of Mrs. and Mrs. Robert Therry, Waukegan, became the bride of Donald F. Zeman, Antioch, in Holy Rosary Catholic Church, North Chicago.

Father Donald Ziemba, S.J., united the couple in marriage.

Tessa Angelopoulos attended the bride as maid of honor with bridesmaids Margaret Gretschmann, Sandy Burton, Carolyn Therry and junior bridesmaid Kathy Therry. The flower girl was Michelle Therry.

Serving Mr. Zeman as best man was Joel Strahan.

Alan Comstock, Doug Hellstern and Delmar Church were groomsmen.

Linda graduated from the University of Illinois, Champaign, and is currently teaching home economics at Antioch High School, where her bridegroom teaches social studies. Mr. Zeman graduated from Dartmouth in Hanover, N.H., and was affiliated with Phi Upsilon Omicron and Sigma Alpha Epsilon fraternities.

As an inspiration to her students the bride made not only all six bridesmaid dresses, her own gown and veil, but the wedding cake too.

The reception was held at Harbor Ridge. Donald is the son of Frank and Margaret Zeman of 357 Birchwood, Antioch, while Linda is the daughter of Robert and Roberta Therry of Waukegan.

Energy conservation program is suggested

An energy conservation pilot program will be formulated for purposes of applying for a grant for the exploration of possible conservation programs within the village of Antioch.

This will be done by Mr. Michael Teeley, environmental education director for School District 34. He came to the village public works committee meeting Monday night to present the idea of an energy conservation pilot program to the village trustees.

MR. TEELEY SAID there are many funds available which are presently untapped and which are designed specifically for energy conservation.

"It's an opportunity to be competitive on this," said Mr. Teeley. "It is literally anything you want to do. The trick is to get it to be something you can get approved."

One example of an energy conservation

program is the auditing of home insulation efficiency. With special funding, houses can be tested to see how efficiently their heating systems operate and if they are losing heat.

ANOTHER TYPE of energy conservation program would be the dial-a-ride program for senior citizens.

Another would be the exploration of the use of solar energy for heating. Many of the programs relate to home energy uses.

Mr. Teeley emphasized that the board would be gaining access to funds that are already available but which presently are not being fully utilized. The pilot program, if accepted, would be given a one-year trial period.

Mr. Teeley will meet with trustees to discuss his ideas for devising the pilot program.

Happenings around our community

FAITH Evangelical Lutheran Church, 1275 S. Main St., has announced that its Sunday School began on Sept. 10.

The Sunday School program begins with children 3 years old and has something to offer to every age group, up through adults.

The children from 3 years old through 6th grade, the 7th

and 8th graders, high school students and adults all have special classes.

Anyone interested is invited. The programs run from 9:15 to 10:15 a.m., between the two worship services at 8 a.m. and 10:30 a.m.

The first circus was established in 1769 by an ex-cavalry sergeant in Lambeth, London. No admission was charged, but a collection was taken after each performance.

Changing your phone plan could save you money.

Check your phone bill. Since you selected your current residence phone plan, your calling habits may have changed. Why not take a few minutes to see if the phone plan you have is right for you. To find out, here are some things you should know:

1. There are six different residence phone plans available.

In the Outer Metropolitan Chicago area (see map), telephone plans range from \$5.85* a month for a two-party service (which includes calls to the immediate surrounding area) ... to \$36.00* a month for a single-party service (with unlimited calling within the greater Chicago Metropolitan area).

Available Phone Plans

Two-Party Local	Includes unlimited calling to immediate vicinity. Good for people who seldom call outside this area and who are not concerned about sharing their telephone line with another party.
Local	Includes unlimited calling to immediate vicinity. Good for people who seldom call outside this area and who prefer a one-party line.
Call-Pak 50 Call-Pak 150 Call-Pak 300	Includes unlimited calling in immediate surrounding area plus the designated number of message units for calls outside this area.
Call-Pak Unlimited	Good for the frequent phone user who makes many calls throughout the greater Chicago Metropolitan area.

2. Your phone bill can help you tell which plan you need.

If you have any of the Call-Pak plans, simply look at the number of message units you have used over the past three

months or so, and compare that to the number of units in your present plan. You can find the information you need on the second line of charges on your bill. If you've consistently used many more or less than your plan allows, you should consider a different one.

If you have a Local plan and consistently have toll charges for calls to points within the Chicago Metropolitan area, you too should consider a different plan.

3. Distance is also a factor.

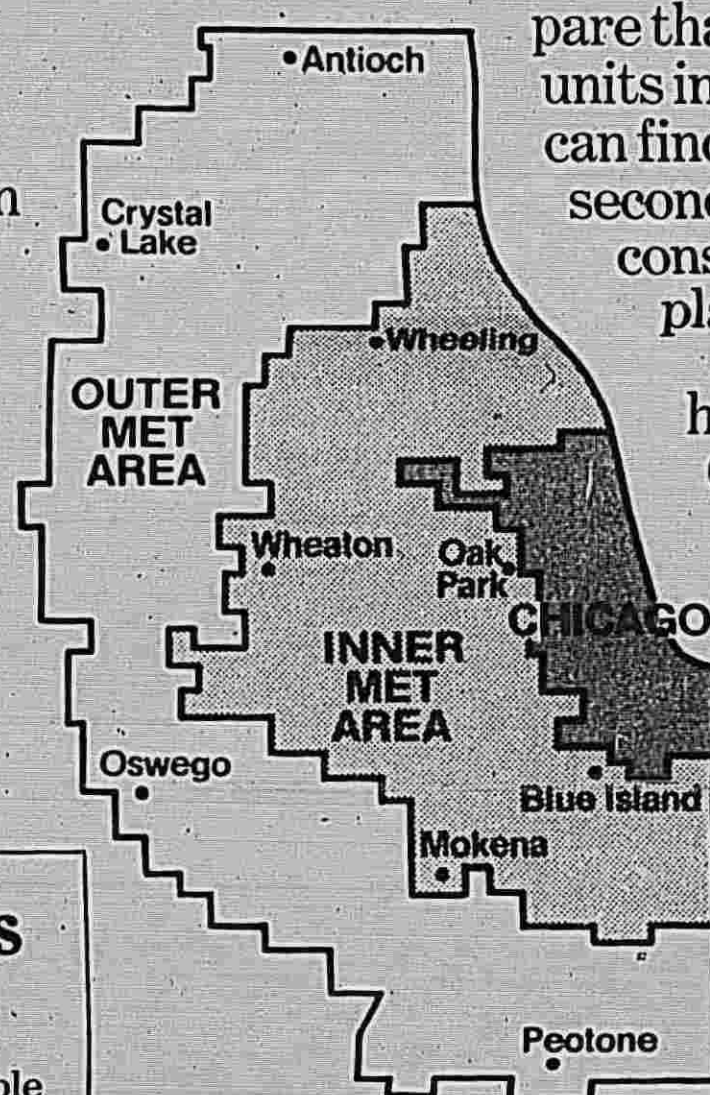

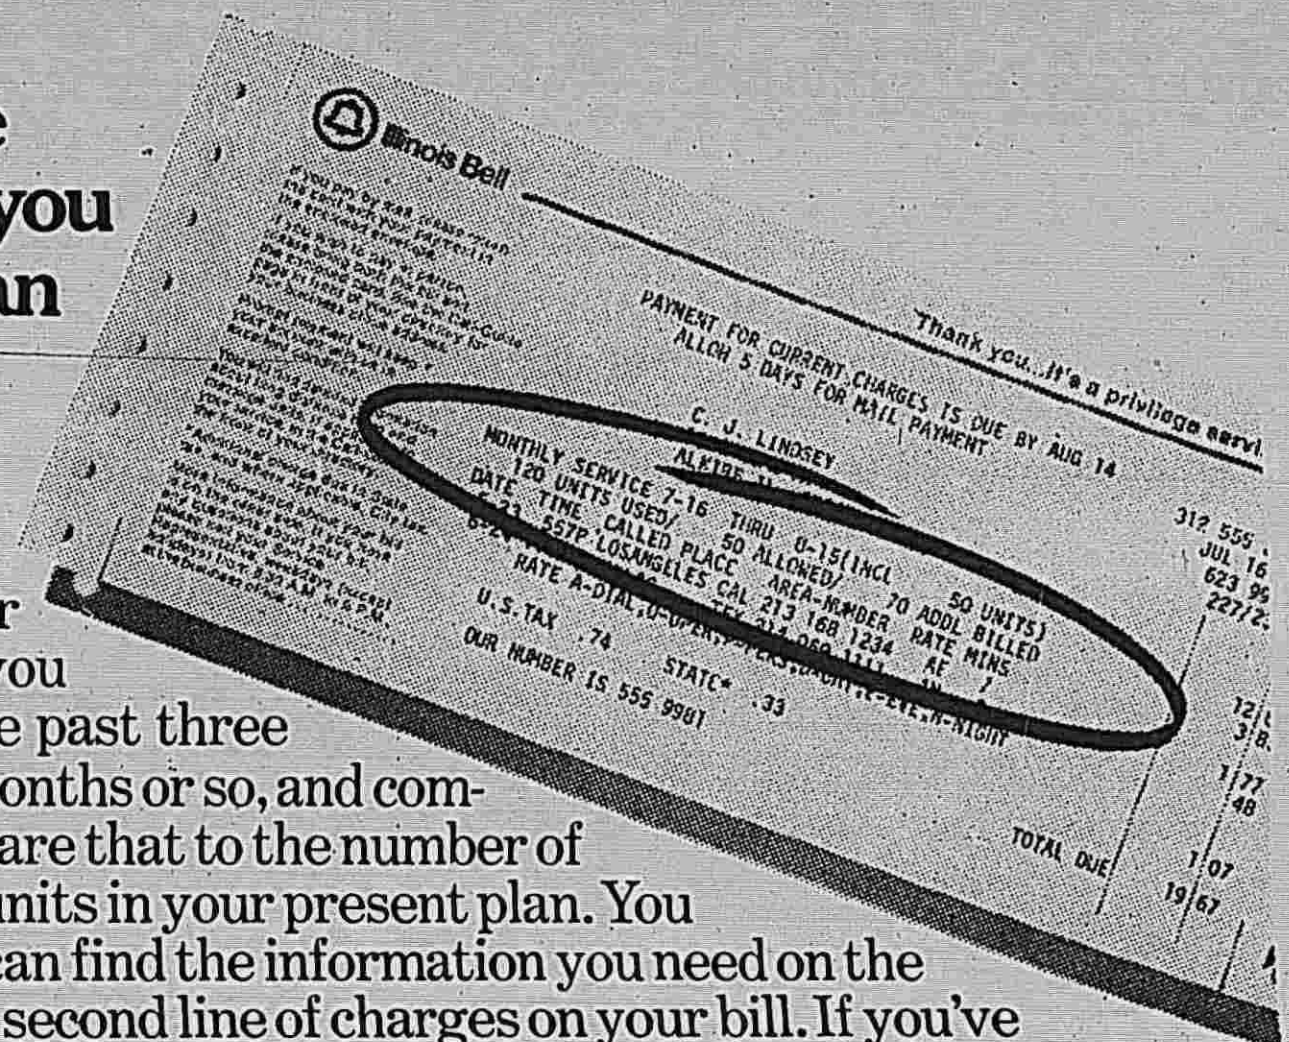

Consider the different places you call when choosing a phone plan. If you place almost all calls to the immediate vicinity and very few calls to outlying areas, you may do well to have a Local service. If, on the other hand, you often make message unit calls to friends and family who are located in more distant communities, a different plan may be more economical.

4. You can get more detailed information.

Just clip out the coupon, fill it out and send it to Illinois Bell. In return, you'll receive the free folder, "How to save money on your Chicago area calls...." The folder has specific information to help you choose the most economical phone plan for your needs.

First check your phone bills, then send for your free folder or pick one up at your Illinois Bell PhoneCenter Store or public office.

If you should decide you need a different plan, you can arrange for the change through your Service Representative. There is no charge to make a change, and it could save you money.

Send to:
Illinois Bell
Box 4848
Chicago, Ill. 60680

THE T-P Taws and Paws square dance club of Antioch will hold its "welcome back" dance Friday at the American Legion Hall on Ida Street, 8 to 10:30 p.m.

Ted Palmen will be the caller. Refreshments will be served following the dance. Also, there will be a short party with skits and games.

The Taws and Paws will be dancing every first, third and fifth Fridays at the American Legion Hall. All dancers are invited to join.

New dancers' classes are held at the First National Bank of Antioch from 7:30 to 10 p.m. every Tuesday except the third week each month, when class will be on Monday. The next class will be Sept. 18.

PM&L to present Woody Allen spoof

"Play It again, Sam," Woody Allen's irreverent spoof of "Casablanca," will open PM&L's 18th theater season next month.

Playdates for the three-act comedy are Fridays and Saturdays, Oct. 7, 13, 14, 20 and 21.

All performances will be at the PM&L Theater, 877 Main St. in Antioch, where curtain time is 8:30 p.m.

A DELIGHTFUL ALLEN fantasy about Humphrey Bogart, "Play It again, Sam" contains enough sex and violence to satisfy any Woody Allen - note we did not say Bogart - fan.

The story, such as it is, is 99 percent Allen, and all, absolutely all, the rest is Bogart.

Don Beveroth directs the PM&L production. The cast includes D.H. Martin Domeracki as Allan, Frank Greenwood as Bogey, Bob Quinn as Dick, and, as their women, Pam Guardi, Bev Palmburg, Jan Burdick, Shari Eckloff, Tracy T. Kiederlen, Dee Baum and Nancy Balmes.

THIS IS THE time, while planning to see "Play It again, Sam," to think about the rest of PM&L's Season 18. Other shows in

the series will include "Androcles and the Lion," "Something's Afoot," "I Remember Mama," and "Picnic."

Season tickets to see all five shows can be obtained for the bargain price of \$12.50.

The telephone number to make reservations to see "Play It again, Sam" is 395-3055.

To obtain a season ticket send a check, your name, address and phone number to PM&L, Box 23, Antioch, IL 60002.

Jaycees Corner

By BILL ANDERSON

Next Tuesday at the Braubaus, west on Rt. 173, beginning at 7:30 p.m. the Antioch Jaycees are sponsoring a free program for young men 18 to 35.

We're providing the fun, the free beer and the snacks.

We're bringing in a few special guests you will have an opportunity to meet, including Norm "Spiderman" Hoffman, president of the Illinois Jaycees; Bob Dubs, regional director of The Great North; Tony Starcevic, Antioch Jaycees ambassador; Marty Murphy, Wheeling Exhausted Rooster; Ron Van Scoyoc, president of the Antioch Jaycees, and many of the dedicated young men of the Jaycees.

Plan to join this free mixer as one of our special guests. Remember, it's next Tuesday. If you have any questions or would like more information, phone Bill Anderson, membership chairman at 356-5376, or Ron Van Scoyoc, president at 395-4000.

Women of the Moose enroll 2

By JUDITH PAGE

The publicity committee of the Women of the Moose, headed by Peggy McCarthy, was in charge of the chapter night program last Thursday evening.

An enrollment named in Peg's honor consisted of two new members: Lillian Klewer, sponsored by Senior Regent Judy Kelly, and Rose Dunaj, sponsored by Tina Zickus.

Three VIP plaques were awarded by Senior Regent Judy to three Mooseheart members: Lolly Maloney, Mae Prazak and Arlette Burba, who consistently attended and help with the chapter functions even though belonging to Mooseheart.

The plaques were presented in appreciation for their contributions to the Antioch chapter.

Linda Rözell was presented a chapter pin for attending three consecutive chapter meetings. Linda was enrolled in August.

The social service committee chairman, Jennie Groen, enjoyed a successful project after the Thursday night meeting. Many members walked away with the committee's baked goods.

The next meeting will be held Thursday, Sept. 21, and the next enrollment will be Oct. 12, a week late due to the state Moose convention in Peoria.

Women At Work

Women today make up almost half the work force, United States Department of Labor Statistics show, and over 35 million women hold jobs outside their homes.

One successful working woman is Mrs. Winifred T. Wells, a North Carolina attorney. She has served as county attorney, and resident judge and was recently elected, with Dr. Henry Ponder (President of Benedict College, a member of the United Negro Fund) to the Board of Directors of J. P. Stevens & Co., Inc.

Some seven percent of the lawyers and judges in the country and about ten percent of America's physicians and surgeons are women.

Band Parents group installs new officers

By BONNIE BORLA

The Antioch Grade School Band Parents Association last week held its first meeting of the 1978-79 school year.

Dr. Donald Skidmore installed the new officers: Elsie Quedenfeld, president; Judy Wells, vice president; Gene Noethling, secretary; Mary Fries, treasurer, and myself as correspondence secretary.

RESULTS OF OUR annual tag day were given. We would like to thank all the generous people who helped make it a big success. Also many thanks to all the band students who "tagged."

Plans for our 2nd annual Halloween Fun Fair were announced. It will be held

Oct. 29 at the Upper Grade School. Anyone willing to help should come to our meetings and get in on the fun. We need all the help we can get to make it a success.

WE PLAN TO sell Mr. Z's cheese and sausage again in December at the Christmas Concert. Anyone wanting to avoid the rush can place orders ahead of time by calling Elsie Quedenfeld at 395-1355 or myself at 395-1628.

We hope parents of new band students will join our group for a \$1 membership fee. Our meetings will now be held on the first Monday of the month at 7:30 p.m. at the Upper Grade cafeteria. Hope to see you Oct. 2.

SPICED JELLIED PEACHES

- 1 can (17 oz.) sliced peaches
- 2 tablespoons vinegar
- 12 whole cloves
- 1 cinnamon stick
- 1 package (3 oz.) orange or peach flavor gelatin

Drain peaches, measuring syrup. Add water to syrup to make 1-3/4 cups. Dice the peaches. Combine measured liquid, vinegar and spices in a saucepan. Bring to a boil, reduce heat and simmer 10 minutes. Strain, discarding spices. Dissolve gelatin in hot liquid. Chill until slightly thickened. Stir in peaches and pour into individual molds. Chill until firm, about 3 hours. Unmold. Serve on crisp lettuce, if desired. Makes 2-3/4 cups or 5 or 6 servings.

Astro- Analysis

By Sonia

ARIES [March 21-April 19] - You can now successfully work out the details in business deals that may have seemed risky previously. Good opportunities arise, romance is favored.

TAURUS [April 20-May 20] - Pursue objectives with persistence; partnership associates may not give wholehearted support. Be prepared for continued competition.

GEMINI [May 21-June 21] - Week highlights domestic activities, family matters; strive for good relations and a more harmonious home environment. You can now effectively communicate your ideas to kin.

CANCER [June 22-July 21] - Financial difficulties can be overcome now; use your ingenuity to improve and stabilize money matters, career plans. Keep communications lines open.

LEO [July 22-August 21] - As personal aims are highlighted make a special effort to set forth a workable plan, your magnetism and charm does the rest. Look at present budget.

VIRGO [August 22-September 22] - If good ideas are projected in a down-to-earth manner a prosperous week can be enjoyed. Although a high-energy trend continues some delays and setbacks are to be expected.

LIBRA [September 23-October 22] - Curb the tendency toward impulsive, rash actions; use care and forethought where new endeavors are concerned. You benefit through friends.

SCORPIO [October 23-November 21] - Increased activities can be taxing; although social affairs are important know when to draw the line this week. Some matters should be kept confidential.

SAGITTARIUS [November 22-December 20] - Employment matters are important now; work on ways for making improvements. You get public attention so keep things on the up and up.

CAPRICORN [December 21-January 20] - Encouraging message comes from distance. Make plans to travel soon; some scenery changes are refreshing. New opportunities are sure to arise.

AQUARIUS [January 21-February 19] - Financial success can be realized through joint efforts; talk over business with mate or partner. Avoid scattering interests as energy should be conserved now.

PISCES [February 20-March 20] - You can improve relations with colleagues and conditions at work now. Increased interest in career gives you the edge but use care not to overdo.

All about town ...

By LINDA WALKER

Do you believe this weather? The entire month of August was mild with temperatures in the 80's and low humidity.

If autumn is supposed to be in the air, why am I riding around in a baker's oven?

A NEW-FOUND FRIEND of mine, Robert Casper, recently discovered that I worked in Antioch.

"You know," she said, "I like that little town and would shop there more, but the parking situation is the worst I've ever seen."

Is this serious problem of the business district ever going to be resolved? I think there are more people who feel the same way "Burt" does. Let's get on the ball and try to remedy the situation.

ANTIOCH SUPPLY will be operating out of its new location Sept. 25. Jack and Jane Palmer are moving their plumbing supply store to 893 Main Street (former location of Mr. Marvin's Beauty Shop).

One special thing about the move is the huge sale now going on. Prices have been slashed on any in-stock item, including vanities and cultured marble tops.

So if you're thinking of remodeling your bathroom soon, it might be to your advantage to visit their showroom at 865 Main Street now.

BOB DOWNEY of Pin & Pleat had a successful anniversary sale last week. Bob would like to thank all his customers who helped to make it the success it was, and to let everyone know he is looking forward to year No. 3.

I hardly see Bob in the fabric store since he hired his talented mother-in-law, Caroline Fisher. Her knowledge of sewing is an asset for confused patrons.

Continued good luck.

I'VE PASSED MANY milestones in my life - some rewarding, some disappointing but the majority are listed as experience.

Each and every one has a special place tucked away in my memory, so when the proper moment arises I can remember and hopefully learn from them.

My latest milestone is very personal and really required some soul searching. It involved a child, and when it comes to molding them, you're never sure if you did the right thing.

Our nephew, Todd, is leaving our home to spend the remainder of his years before adulthood with his father. In my heart I know that is where he belongs and always did, but emotionally I know I'll miss him.

Todd will always have a special spot in my heart that no tears can wash away. Because he will still see The Antioch News, I must take this time to wish him luck, to wish him well but most of all, I wish him happiness.

Schools get additions

systems, and doors and passageways for students.

OTHER WORK HAS involved expansion of school facilities, painting, carpeting and classroom additions. At Antioch High School, six new classrooms and three new offices have been added.

Accesses have been widened (for example in the central lobby) and ramping has been installed. An elevator is also being installed for the use of handicapped students.

In the auditorium, a new ceiling has been put in. Eventually, the auditorium will be air-conditioned and its projection booth altered to meet coding standards.

IN ONE GYMNASIUM, lighting is being changed. In the school's second gymnasium, heating and ventilation is being improved.

At Grass Lake school, construction remodeling and reparation have been quite extensive. This, according to School District 36 Superintendent Richard Hogan, is the result of four years of planning, though most of the work has been done this summer.

A complete new heating system will be installed throughout the entire building. A new furnace has been purchased and much of the glass windows have been covered up and insulated.

"It should make a tremendous difference in fuel economy," said Mr. Hogan.

Additionally, the electrical system has been re-done throughout the building.

A NEW KITCHEN and two offices were completed three weeks ago. The school's driveway was blacktopped and a new waterway from the main building to the kindergarten has been installed.

The kindergarten itself has been comprehensively remodeled, with new drop ceilings, lighting and carpeting.

In the oldest section of the main building, some classrooms have received new drop ceilings, lighting and a fresh coat of paint.

In fact, painting is being done throughout the building. The old lunchroom will now become the library and more rooms are being added in the basement.

According to Mr. Hogan, the projection date for completion of all of the work at Grass Lake school is early November.

AT OAKLAND SCHOOL, in Grade School District 34, almost all construction has been completed. This excludes the heating system, which hopefully will be installed in the near future.

A new music room, art room, teacher-work area and library have been built within the school's 1978 building addition.

Some life-safety work has been done. Metal doors have replaced old wooden doors. Ventilation systems have been installed in certain areas. An exhaust hood has been put over the stoves in the kitchen. All wiring has been changed.

"It's very functional. It's what we needed and got, and it will be put to good use," said Walt Soderman, Oakland's principal.

LIFE-SAFETY WORK has also been completed at Antioch's Lower Grade Center. This consisted of basically bringing the fire alarm system up to standards.

For the future, Antioch's schools can look forward to further life-safety modifications which must eventually comply with codes.

According to Dr. Donald Skidmore, superintendent of Grade School District 34, a handicap survey of all school buildings will be done sometime in the spring of 1979 with the intention of further modifications of school buildings.

"It means a lot of small modifications which can be expensive," said Dr. Skidmore.

But the task is unavoidable, since the assessments and updating of life-safety systems are required by law.

Lake Villa man dies after crash

A 34-year-old Lake Villa man died last Wednesday in St. Therese Hospital, Waukegan, after suffering injuries the previous Saturday when his car was hit from behind on Hunt Club Road and Washington St., west of Gurnee.

He was Donald F. Kennedy, of 18754 Cottage Ave., whose car caught fire after it was struck by an auto driven by Denver C. Peace 29 of Round Lake Park.

Peace, who was treated for injuries and released, was charged with drunken and reckless driving.

Lake County Coroner Robert Babcox has impaneled a coroner's jury to investigate the accident.

Illinois' 1978 waterfowl hunting dates and regulations have been approved by the federal Fish and Wildlife Service, according to Bill Allen, waterfowl biologist for the conservation department.

Duck hunters will have a 50-day season, five days longer than last year, in both the southern and northern zones. Shooting in the northern zone begins Oct. 19 and ends Dec. 7. In the southern zone hunters can begin shooting Nov. 2 and continue to hunt through Dec. 21. Shooting hours will be from one half-hour before sunrise to sunset.

The northern and southern zones are separated by U.S. Highway 50.

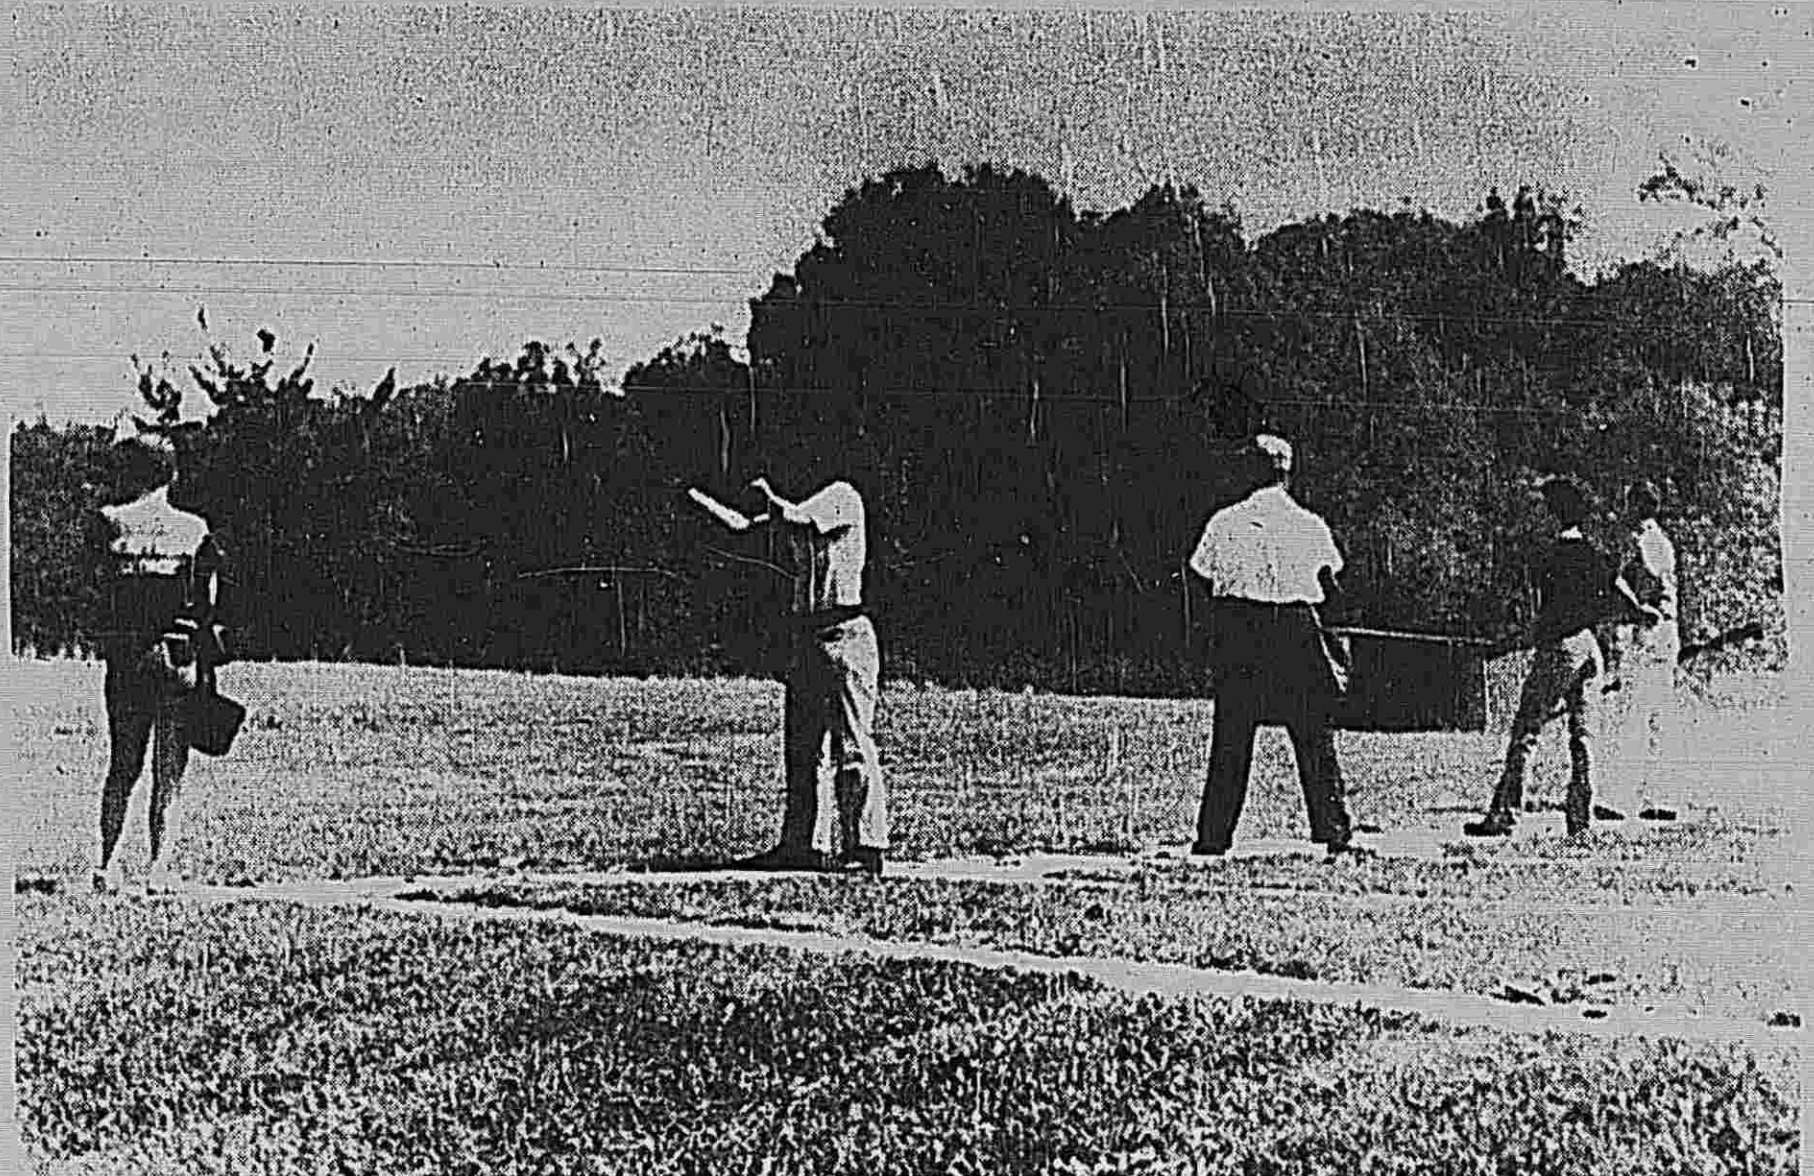

ILLINOIS once again will use a point system for daily bag and possession limits. The daily bag limit is reached when the point value of the last bird taken, added to the sum of the

point value of birds already taken, equals or exceeds 100 points. The possession limit is the maximum number of birds which legally could have been taken in two days of hunting.

Point values of the species hunted in Illinois are:

100 points - canvasback and redhead; 70 points - female mallard, wood duck, hooded merganser; 35 points - male mallard, ringneck duck and all other species not listed in other point categories: 10 points - pintail, blue-winged teal, cinnamon teal, green-winged teal, widgeon, gadwall, shoveler, scaup and mergansers (other than hooded mergansers).

TRAPSHOOTERS BLASTED AWAY at clay pigeons last Sunday in the annual Lions Club Safari Shoot at the Northern Illinois Conservation Club range. They competed for prizes and trophies, plus turkeys, hams,

beef, bacon and chickens. The next big trap shoot at the range just west of Antioch will be the annual 885 Club competition on Sunday, Oct. 1. (Andy Dugenske photo.)

'Punt, Pass and Kick' coming up

Boys and girls between the ages of 8 and 13 can now register for the annual Punt, Pass and Kick football contest sponsored by Lyons-Ryan Ford of Antioch.

The date of the event will be announced soon, said Gary Klean, co-chairman.

Youngsters can sign up at Lyons-Ryan Ford or at local grade schools. At Lyons-Ryan they can pick up a registration card and a book of "tips" on how to punt, pass and kick effectively.

football. There are still openings.

RELAXATION

A new game that's raising a lot of interest these days is platform tennis. Interestingly enough, it came about quite accidentally about 50 years ago, when two neighbors erected a wooden platform to play deck tennis and volleyball and hit upon the idea of paddle tennis.

Combining the principles of lawn tennis, squash and handball, it's played with a regulation paddle weighing about 14 ounces and a ball much lighter than a tennis ball. It's a quick, action-filled game and many players like to sit down afterwards with a screwdriver made with Wolf Schmidt Vodka, orange juice and plenty of ice.

An ace of a tip for the forehand drive is to strike the ball as it comes opposite the hip. Your follow through should then carry the paddle across your body.

Mike Vail will talk to Little Leaguers

The annual awards night for Antioch Little Leaguers will be held next Monday, Sept. 18, in the high school gym, 7:30 p.m.

Guest speaker will be Mike Vail, Chicago Cubs outfielder, who will sign autographs for the youngsters.

Milo Bailey, president of the Little League program, has invited all parents and friends to attend along with the players. Admission is \$1 for adults. Children get in free.

The annual Little League beef raffle will be held during the program.

Kids' bowling classes set

New dates for the kindergarten through fourth grade bowling program have been announced.

Sue Koppa, Antioch parks and recreation coordinator, said Class No. 1 will be held from Sept. 13 (today) to Oct. 18 and Class No. 2 from Nov. 8 to Dec. 13.

The time is 3:30 to 5 p.m. at Antioch Bowling Lanes. Information about the

program can be obtained by calling the recreation office at the village hall, 395-2160.

Gorski, Popp, Knourek lead in Open

Del Gorski's even-par 70, Fred Popp's 73 and Bob Knourek's 85 made them the three leaders in the first round of the Antioch Open.

The third annual golf championship, sponsored by the Antioch News, will be completed this coming Sunday with the final 18 holes at Spring Valley Country Club.

Golfers begin teeing off at 11 a.m. Starting times appear on the next page. Trophies and prizes will be awarded at the completion of the tournament Sunday evening.

GORSKI, THE 18-YEAR-OLD Lake Villa player who recently placed fifth in the State Amateur, has two rivals

hot on his heels.

Bob Sertic, 17, an Antioch High School senior, fired a four-under-par 31 on Spring Valley's back nine Sunday to finish with a 71. Also at 71 is Gary Shastal of Lake Villa, who teaches golf at his father's Pro Circle driving range.

Shastal, 22, played steady golf with nines of 37 and 34 and said he had four birdie chances that "lipped out" of the cup.

Tied for fourth in the championship flight, at 78, are Cliff Houghton and Spring Valley's owner, John Wagner.

POPP, 49-year-old Lake County Board member from

Lake Villa, shot the best score of his life to take the Class A lead. His 73 was seven or eight strokes lower than his average.

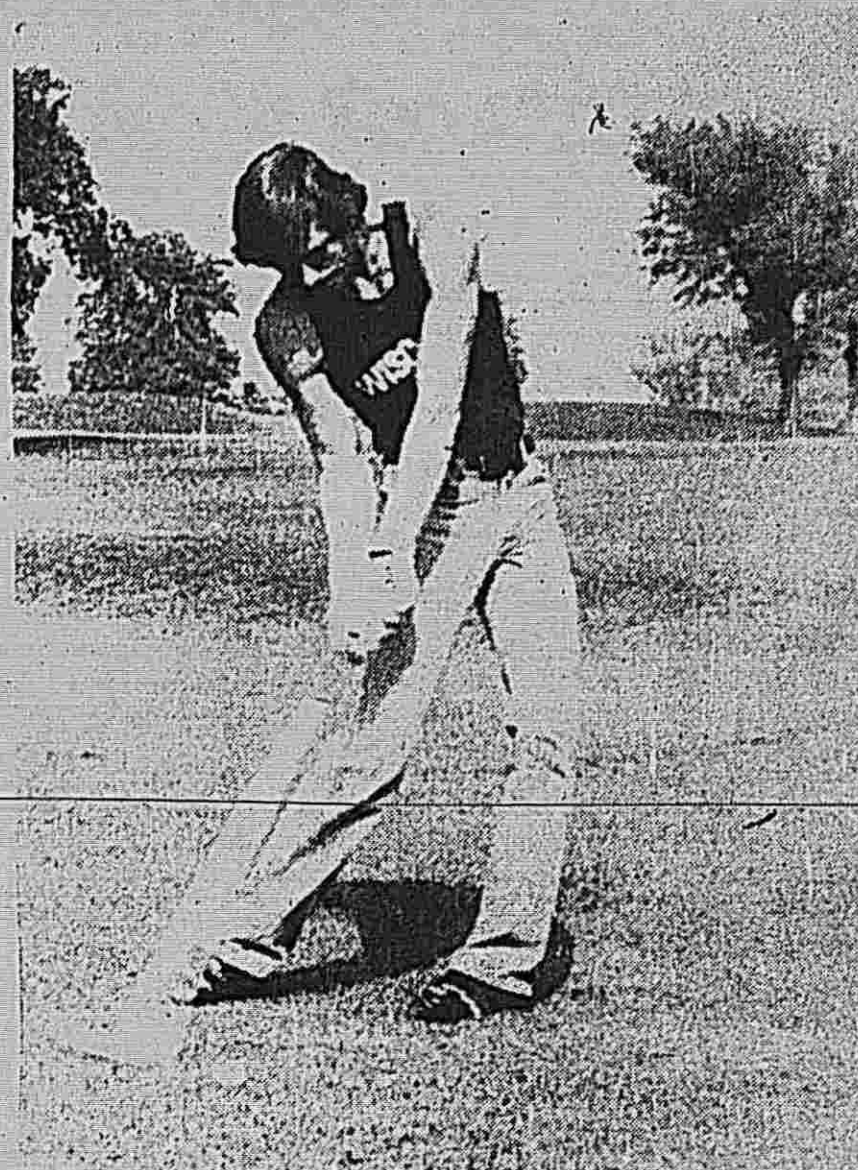

Fred hit 17 of the 18 greens in regulation and blazed around the back nine in 34, one under par, despite taking a double bogey on the course's easiest hole, the 260-yard, par-four 14th. But he caught birdies on Nos. 10, 12 and 17.

Within striking distance, at 78, are Art Blecke and Tim Haviland. Tom Lasco, who had a 79, also is a threat.

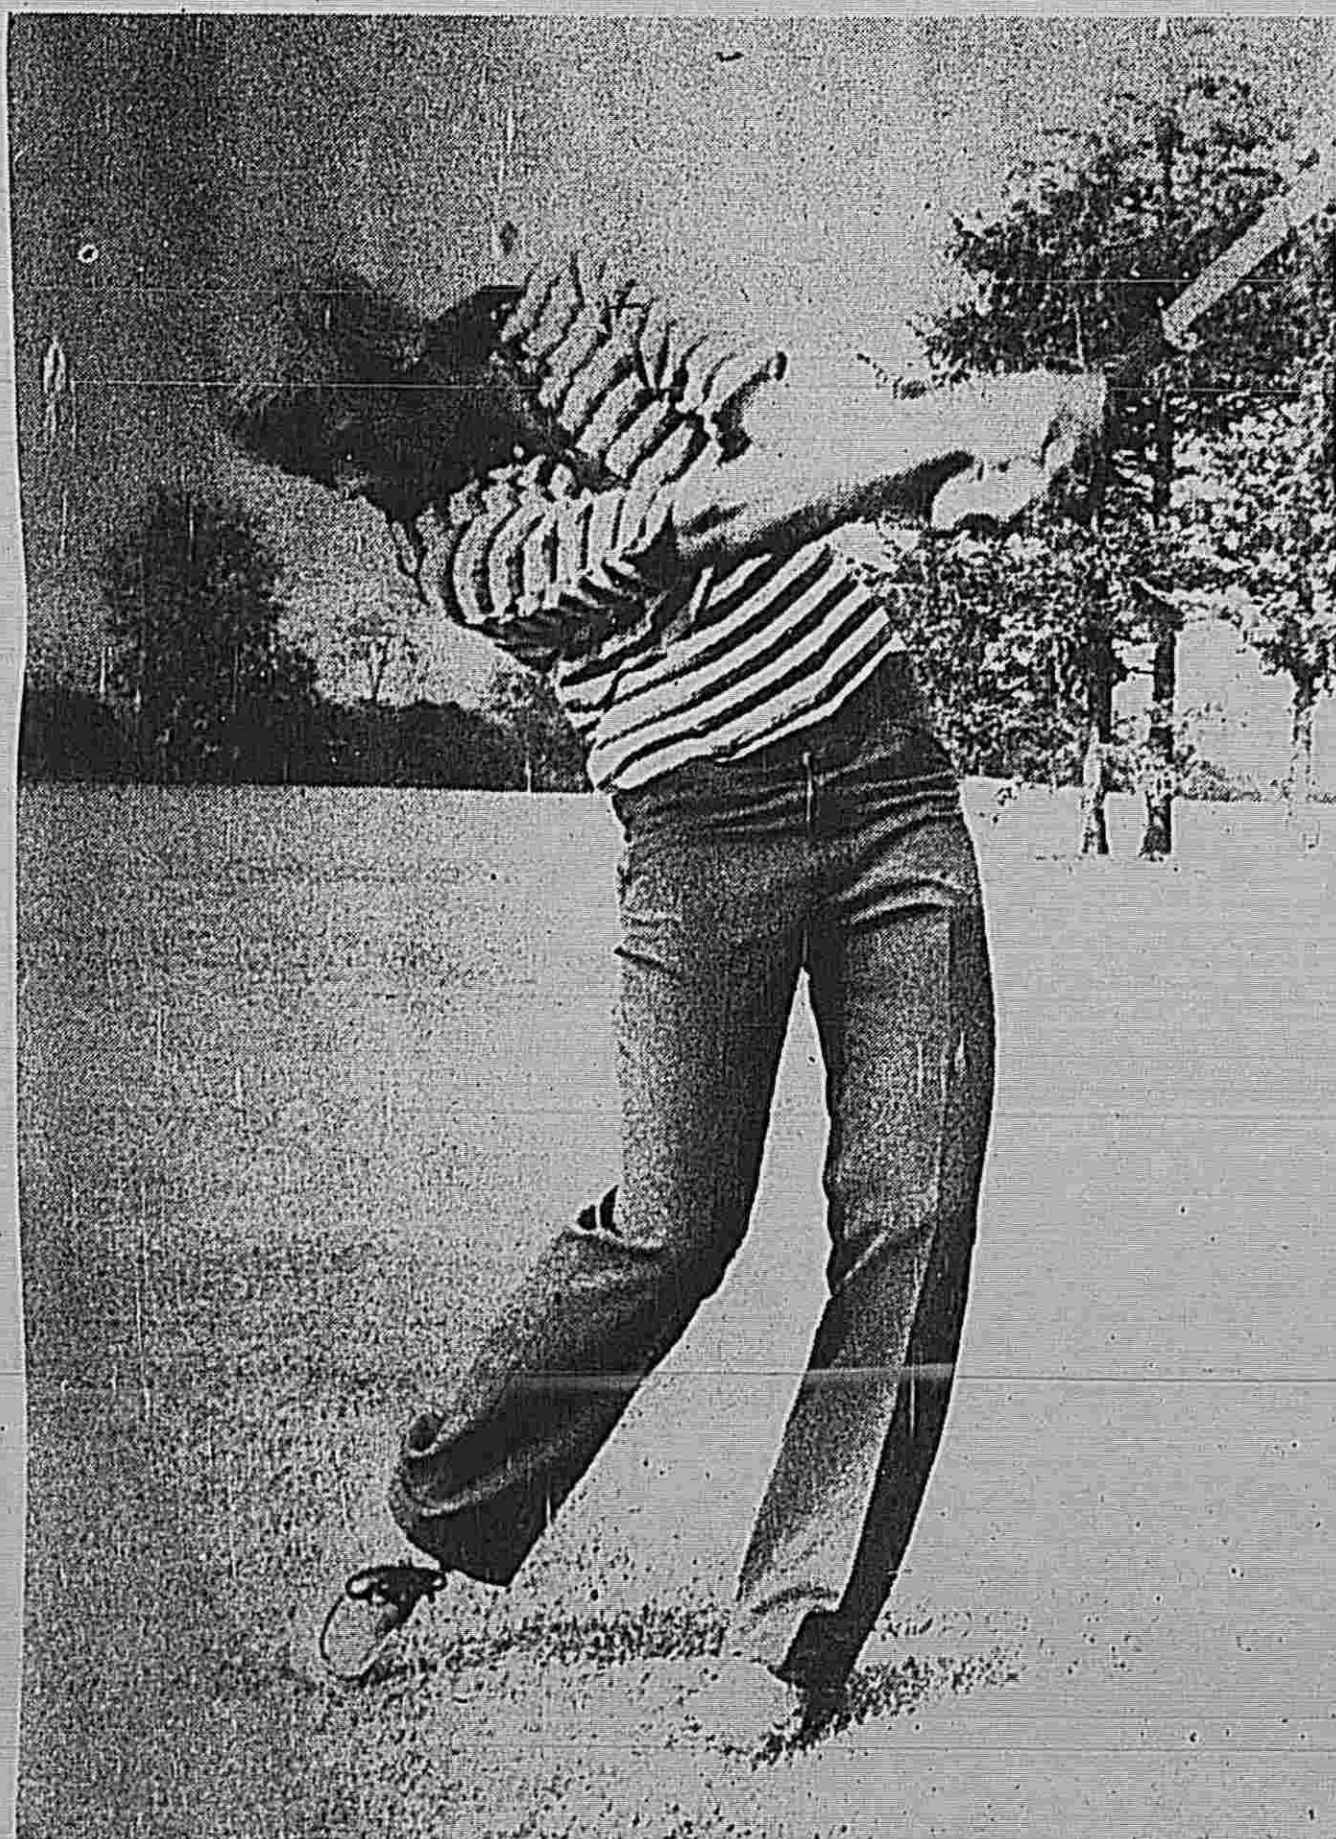

KNOUREK CHARGED INTO the Class B lead by whipping around the back nine in 38, finishing with 85. In hot pursuit are Mitch Lasco at 88 and three golfers at 89: Chuck Cermak, Ken Blumenschein and J.L. (Len) Armstrong.

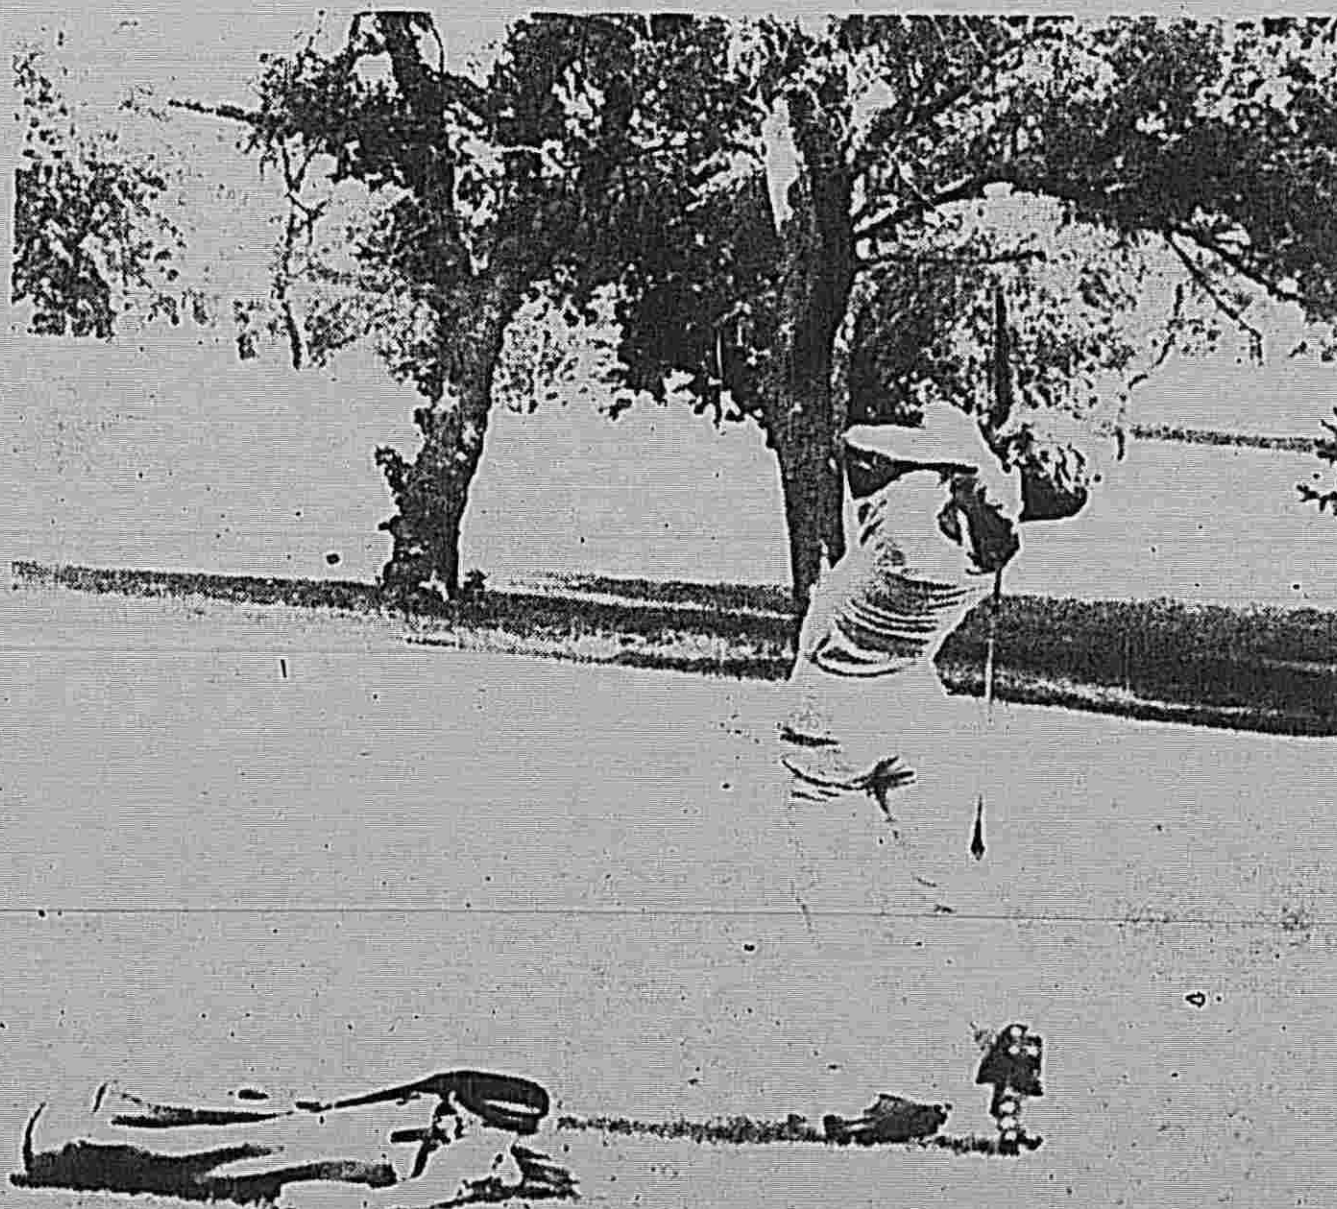

BOB KNOUREK (left) is the leader in the Class B flight of the Antioch Open after shooting a 38 on the back nine for an 85 last Sunday. Knourek insisted on having his playing partner, Bob Pedersen, in the picture with him. "He was my steadying influence," Knourek said.

THIS FORM is one of the reasons Tim Haviland shot a 78 to become a contender for the Class A title in the Antioch Open. The final 18 holes will be played next Sunday at Spring Valley.

HITTING A CRISP IRON shot while shooting a four-under-par 31 on Spring Valley's back nine is Bob Sertic. The high school senior finished with a 71 and is among the leaders in the championship flight.

WHACKING HIS TEE SHOT on No. 10 was Del Gorski, 18-year-old from Lake Villa who took the championship flight lead in the Antioch Open with an even-par 70 last Sunday. At 71 are Gary Shastal and Bob Sertic. The three will match shots for the title next Sunday.

Sertic's 31 was among highlights

There were a lot of spectacular feats in the opening round of the Antioch Open last Sunday as golfers sometimes got as hot as the temperature - which was in the 90s.

But Spring Valley's owners, John and Joyce Wagner, promised it wouldn't rain - and it didn't. They also had their course in excellent condition.

Gary Shastal of Pro Circle driving range shot a 71 the first time he played Spring Valley and said he hadn't realized the course was so tough. He noted that the 4th, 5th, 6th and 7th holes, a demanding stretch of golf, could do justice to any layout in the country.

Shastal was two over par for those holes, but one under for the other 14.

BOB SERTIC WAS happy, naturally, with his four-under-par 31 on the back nine. The 17-year-old high school senior has had five 33s for nine holes, but Sunday he birdied No. 12 with a 3-foot putt, and then No. 14 after a wild drive, a 6-iron punched under a tree and a 3-foot putt.

Then he birdied the course's toughest hole, the 435-yard 15th with a 265-yard drive, a 170-yard six-iron and a 15-foot downhill putt. Sertic birdied 16 with a 5-footer, saved par on 17, and then had a 5-footer on the 18th green for a 30, but he just missed it.

His 31 included only 10 putts. He one-putted the first eight greens on the back nine.

THERE WERE A SURPRISING number of birdies on the 190-yard 17th hole. In fact, three members of the same foursome each had a two on the hole - Del Gorski, John Wagner and Ed Behne.

Wagner hit a thrilling shot on the 170-yard 11th. He ball hit the pin but didn't go in ... it bounced 10 feet to the right.

Gorski, who leads the championship flight with a 70, had a routine (for him) 37 on the front nine but finally made a 15-foot birdie putt on No. 10. Then he birdied the par-five 12th hole, missing a 12-foot eagle putt. He wound up with 33 on the back nine.

L.M. WOODS GOT a nifty birdie on the "monster" hole, the 560-yard fourth. After two good wood shots, he hit an 8-iron three feet from the cup.

John Roth missed a hole-in-one on the seventh by 18 inches. He used a 7-wood, Earl Hogan finished the front nine with 3-3-3 for a 41 in Class B. He knocked in 20-foot putts on Nos. 8 and 9.

Bob Knourek, who leads Class B with an 85, said his 38 on the back nine was his lowest score ever. He had a 39 once last year.

STARTING TIMES

Starting times for Sunday's final round of the Antioch Open follow. Each golfer's score from last Sunday's opening round follows his name.

1:10 - George Plack 93, Ed Olsen 94, Glenn Axtell 95, Willis Hanke 98.

JUST MISSING a 6-foot putt at Spring Valley was Gary Shastal, who shot a 71 in the championship flight to tie for second after the first round.

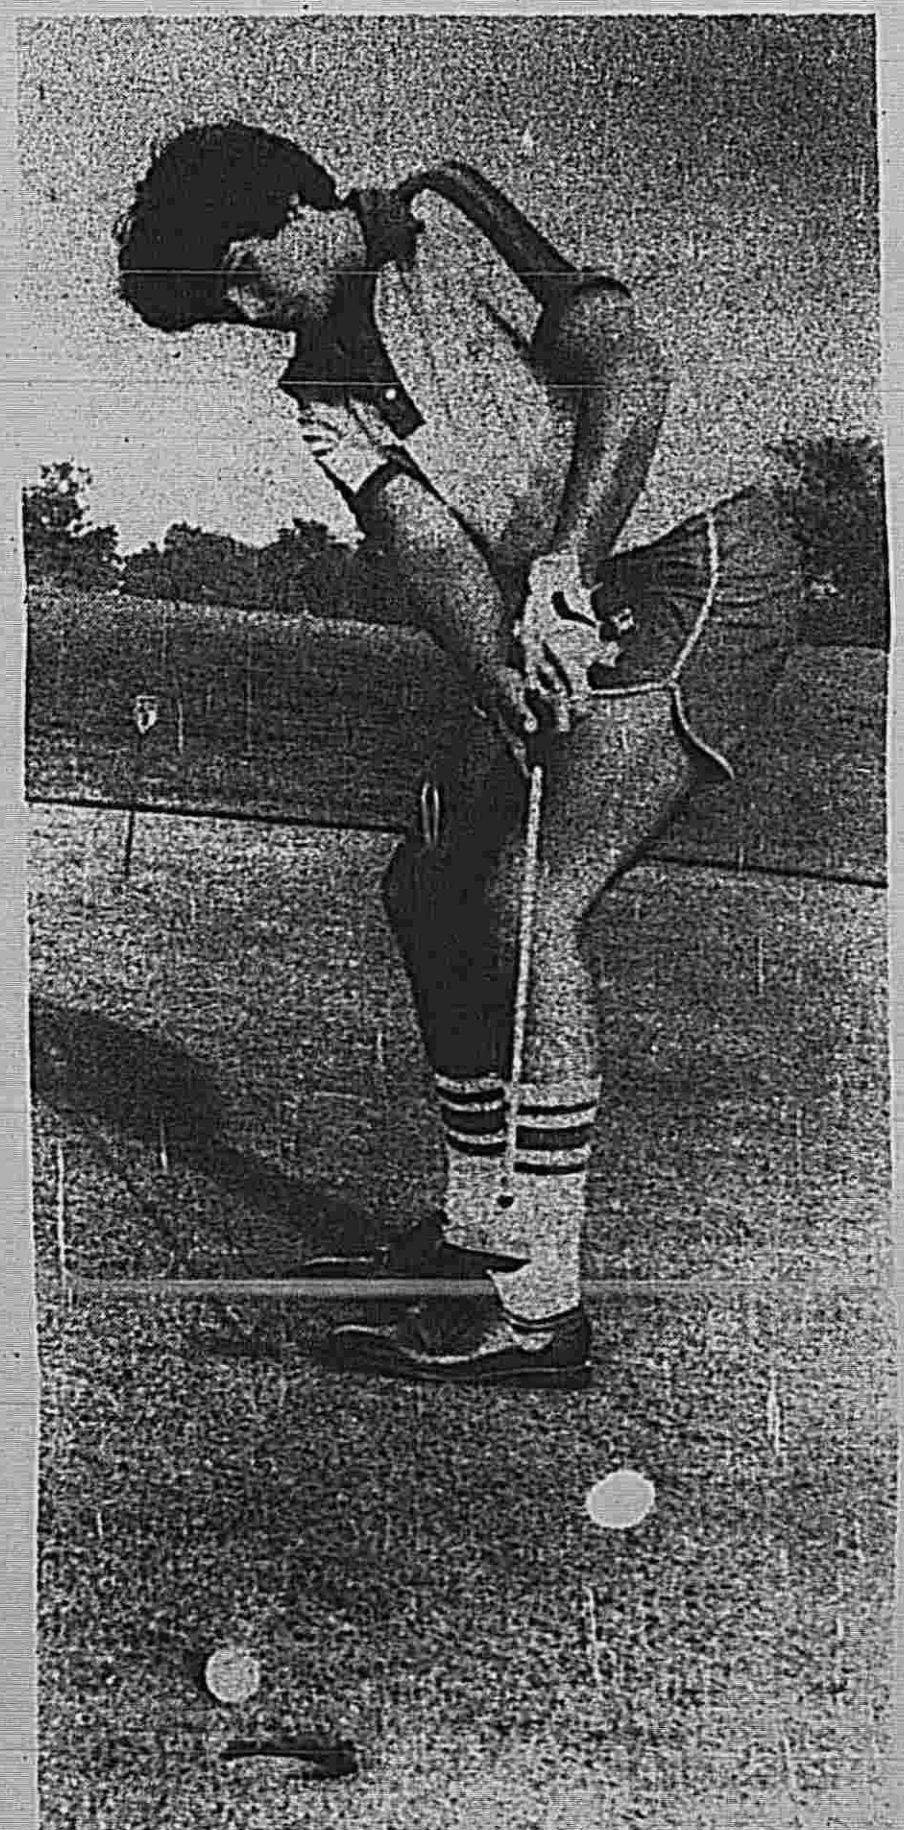

FIRING THE BEST ROUND of his life, Fred Popp of Lake Villa took the Class A lead with a 73 last Sunday. He had a one-under-par 34 on the back nine.

ART BLECKE, principal at Antioch High School, is one of the leaders in Class A after firing a 78 in the first round.

A LID ON THE HOLE? There seemed to be when Chuck Cermak watched this putt slip past the cup at Spring Valley Country Club. Cermak shot an 89 to rank among the leaders in Class B going into next Sunday's final 18 holes.

A CONTENDER for the Class B title, Mitch Lasco practices his putting stroke after shooting an 88 in the first round of the Antioch Open.

Sequoits' next foe: merely Woodstock

Humphrey Bogart said, "Play it again, Sam," but Antioch's Sequoits would rather plunk out a different tune this week.

Last Saturday's 26-0 loss to Hoffman Estates was not a pleasant way to start the season but, remember, the local gladiators were up against a team from a bigger high school.

This coming Saturday they face another "monster," namely Woodstock. The Blue Streaks won the title in Antioch's conference last year but now is in the newly created Fox Valley league - and the favorite to win the title.

SO, ANTIOCH WILL BE the underdog in the 2 p.m. varsity clash here. A 12 noon sophomore skirmish gets things under-way.

Antioch's new varsity coach, Steve Wapon, noted that Woodstock defeated Marion Catholic 26-6 in its opener last

Saturday and is trying to match its 10-1 record of last season.

Well, if Woodstock is going to lose one, why not here?

THERE WERE SOME bright spots in Antioch's loss to Hoffman Estates, which Wapon said "played a good, sound ball game."

Gene Lehn picked his way through the opponent's tough defense for 50 yards in eight carries and Greg Stevens battled for 38 yards in eight carries.

Another running back, Dave Gutowski, probably will be lost for the season with a dislocated knee cap. He suffered the injury in the pre-season "Kickoff Day" scrimmage after showing Antioch coaches some excellent ball-carrying ability.

After the Hoffman Estates game, Wapon praised the pass receiving of Jack Fields and Scott Schroeder, who each made two

catches of passes thrown by quarterbacks Rob Nauman and Jim Sertic.

DEFENSIVELY, Dave Aschbacher made six unassisted tackles and three assists. Tim Plell also had six unassisted tackles, plus two assists.

"Oh sure, no doubt about it, we were disappointed," Wapon said. "We contributed to our own downfall with a high number of hurting mistakes. We fumbled a few times, had a couple of costly penalties and dropped two kickoffs. That, along with Hoffman Estates' fine play, helped spell our doom."

BUT IT WASN'T ALL doom and gloom. "Mike O'Hara looked real good blocking in the offensive line," Wapon added. "That was a pleasant part of an otherwise unpleasant afternoon."

George Schoenleben wins football contest

Who would have guessed Hoffman Estates would beat Antioch 26-0 in last Saturday's opening football game here?

Well, nobody ... but George Schoenleben came close when he predicted Hoffman Estates to win by 24. That gave him first prize in the Antioch News football contest - a \$15 gift certificate at Stanley's Men's Fashions.

Gary Volling also was close, picking Hoffman Estates to win by 30 points. He will receive the second prize - a \$10 gift certificate from Gibbs and Jensen's "Carousel."

Third prize, a \$5 gift certificate at the Ben Franklin Family Center, goes to Laura and Greg Guntharp, who entered jointly and predicted a 21-point win for Antioch's first rival of the season.

ANOTHER FOOTBALL CONTEST appears in today's paper. The "game of the week" is Woodstock at Antioch, on Saturday afternoon.

See the entry blank on page 19. Once again, \$30 worth of prizes await the best forecasters.

Sequoit JV team victorious

The Antioch High School junior varsity football team clashed Monday with a team from Johnsbury. The Sequoits were victorious 21-12.

Mitch Case was the first to score for Antioch on a three yard run. The kick was no good. Next Denis Flaschler scored on a five yard run and the PAT kick was good by Dan Behne.

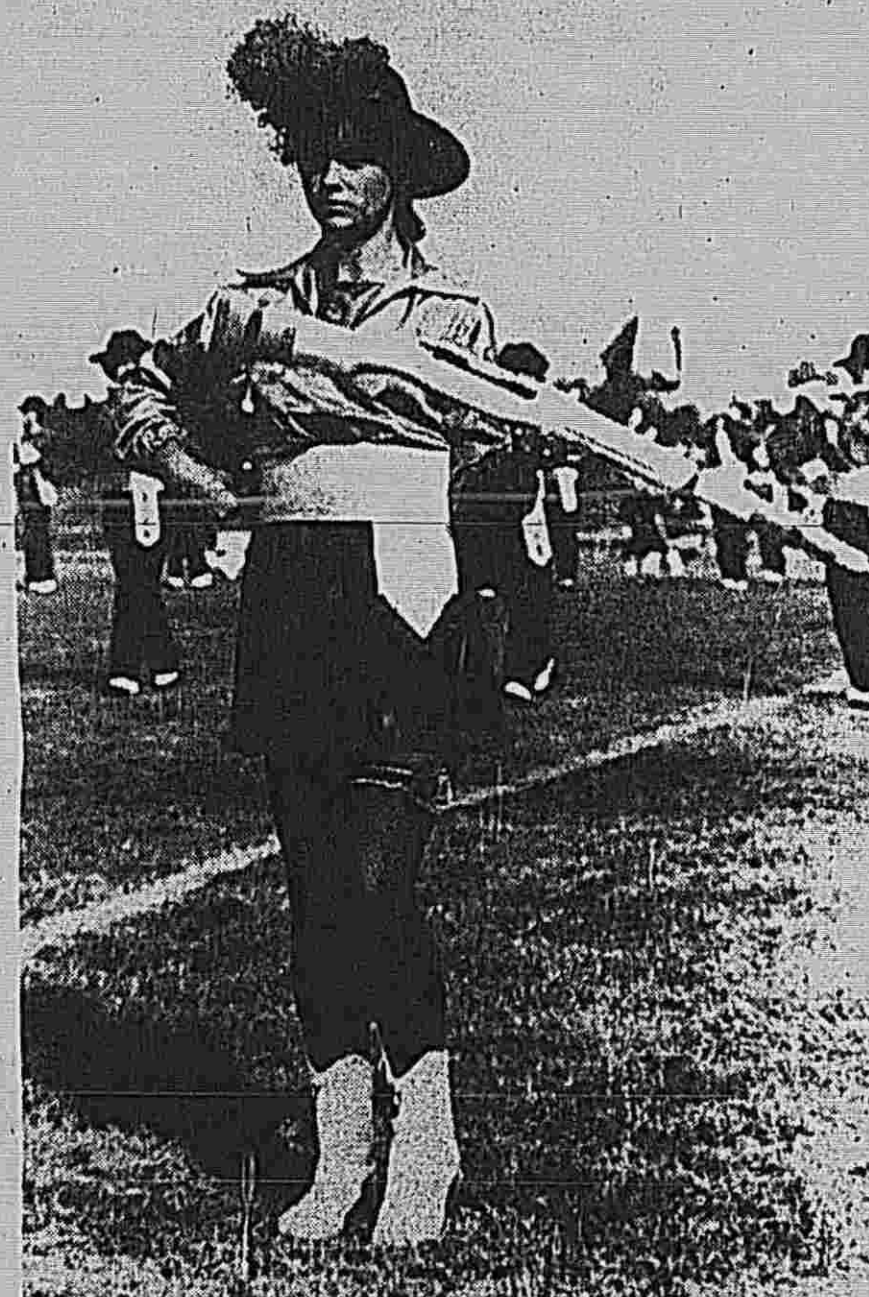

A 14 yard touchdown pass from Rob Nauman to Jeff Crichton assured a victory for the Sequoits' first game this year.

Antioch sophs lose opener

Antioch High's sophomore football team lost its opener, 14-0, to Hoffman Estates' sophomores here last Saturday. The first half was scoreless and the closest Antioch got to its rival's goal was the 5-yard-line. From there, a field goal attempt was nullified by a penalty.

Hoffman Estates came up with a 64-yard touchdown pass on the first play of the third quarter and increased its lead to 14-0 after intercepting an Antioch pass.

The Sequoit sophomores will play Woodstock here this Saturday at 12 noon, prior to the 2 p.m. varsity game.

BUMPER STICKERS are being driven around town to promote interest in Antioch High School football. Norene Gengel displays one of the many that will be for sale at this Saturday's game against Woodstock. They cost \$1.

AMONG THE ITEMS being sold to build Antioch High School football spirit are attractive red jerseys, selling for \$10. The pretty girl? Oh, she's Sondia Spurlock.

VIKING SCOREBOARD

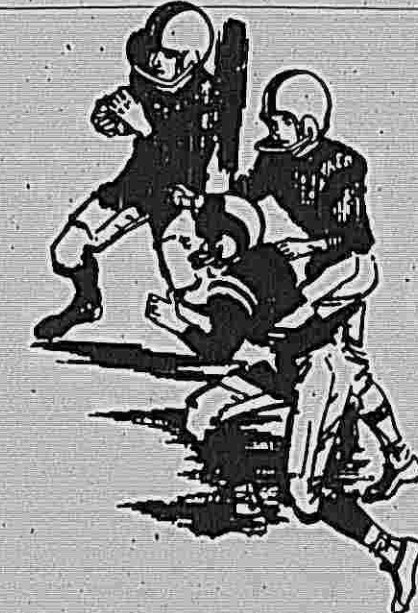

The Antioch Viking Featherweights began their season Sunday at the high school field by playing two games.

In the first game the Viking Raiders hosted the powerful Round Lake Blue Spartans, who won 59-0.

The second game pitted the Viking Warriors against the Viking Seahawks, the only scoring was done in the first quarter when Tom McLellen of the Seahawks scored a touchdown. The extra point made the score 7-0.

The first half ended a good Warrior drive at the 15 with some fine running by Warrior Joe Cates.

The second half saw good play by both teams and was brought to an exciting finish when Warrior Ed Antkowiak made a 15 yard

run on fourth down to the one yard line.

With a good goal-line defense and an interception in the end zone by Seahawk Bob McMahon, the Warriors hope of scoring ended with three minutes left in the fourth quarter.

The score remained 7-0, Seahawks.

Cross-country season begins

Antioch High School's cross-country season began last Thursday at Stevenson when the Sequoits ran against that team and also Dundee. The Antioch varsity outran Dundee 16-47 but lost to Stevenson 24-33.

Robert Otten, Antioch sophomore, took third in the three-mile race, coming up from fifth place in the last half-mile.

Jim Eller of Antioch placed sixth and Dave Unrein seventh. Dan Verkeyn was eighth.

ANTIOCH'S GIRLS TEAM defeated Stevenson's girls 21-36 with Carrie Corso, a junior, winning easily. She was followed by an Antioch freshman, Gail Plechaly. Diane Otten was fifth, Martha McClure sixth and Nancy Harland seventh.

In the frosh-soph race, Antioch edged Stevenson 26-29 as Andy Dugenske, a sophomore, placed second. Hank Woolard was fourth and Alan Ware fifth.

4 teams win titles at Dug Out Park

Four championship teams have been crowned after a summer of softball at Dug Out Park in Trevor.

These were the final standings:

Monday - Women's 16 inch League: Furlan's Dug Out Inn, 12-2; State Bank of Antioch, 11-3; Zeigler Plumbing, 10-4; Farmer's Almanac, 9-5; Back Door Pub, 7-7; Lindenhurst Heating, 3-11; Broadway Joe's 3-11; Slove's Bakery, 1-13.

Tuesday - Men's 12 inch Slowpitch League: Limerick Lounge, 12-0; Lakehurst Liquors, 9-3; Rustic Pub, 8-4; Roy's Long Lake Inn, 4-8; Vos Custom Carpentry, 4-8; Norshore Resort, 4-8; T&M's Stanton Point, 1-11.

Saturday is last night of racing

Waukegan Speedway will close its 1978 racing season Saturday night.

Late models, hobby stocks and "Beat Your Neighbor" racing will highlight the program.

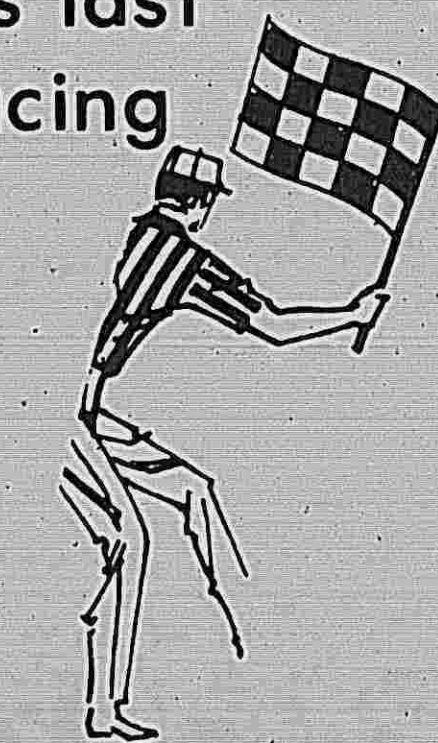

A demolition derby will end the season with a bash. Gary Ruth, the winner of the Labor Day demolition derby, said he will be back to defend his title in his tired Oldsmobile.

Late models will run a 25-lap feature with hobbies in a 12-lapper.

TIME TRIALS are at 7 p.m., racing at 8 and gates opening at 6.

The track is 1/4-mile east of Rt. 41 on Washington St. in Waukegan.

Mark Mildenberger won the late model feature last Saturday by using a final

turn move on Jim Couch. Couch had just passed Rich Bielfuss who led the first 24 laps. Mildenberger was followed by Couch and Bielfuss.

Sunday afternoon's late model feature was won by Larry Roebuck, his first feature win ever. He was followed by Bud Johnson and C.J. Lindholm.

What a difference a Bilco Door makes!

Here's the way to add new beauty to your home. Replace that wooden hatchway with a modern, all steel Bilco Door. It's ruggedly built, weather-tight, and so easy for everyone in the family to use! What's more, it will make your basement more secure against intrusion. And it will pay for itself many times over by saving repair and replacement costs.

If your home was built without the convenience of a direct basement entrance, ask us for Bilco's new handbook "How to Add Valuable Living Space to Your Home."

Stop in and see our display. We'll give you free literature on how to do it. Or, we can suggest a man to install it for you.

Grade School budget okayed

Financial considerations occupied much of the Tuesday, Sept. 5, Grade School District 34 board meeting.

The board passed the 1978-79 budget, approved the SEDOL budget, okayed certain construction bills, and purchased warrants for educational funds.

After a one-hour public hearing, the Board voted to accept the budget as presented for the fiscal year July 1, 1978 to June 30, 1979.

THE BUDGET LISTS expenditures of approximately \$2,647,000 and revenue of approximately \$2,454,000, making for an anticipated cumulative deficit of roughly \$57,000.

But, business manager Ron Chilcote pointed out that there are other revenues expected which could alter the deficit figure.

"When speaking of expenditures," said Mr. Chilcote, "this is probably the most realistic budget I have seen."

DR. DONALD SKIDMORE, District 34 superintendent, said he held three major objections to the SEDOL budget and that he would notify appropriate parties of the board's reservations on these issues.

Other than this, Dr. Skidmore said the budget was fine as it was and the board should support it.

WARRANTS IN THE amount of \$200,000 for educational funds against a 1977 tax levy were approved.

The board is purchasing eight warrants in the amount of \$25,000 each from the State Bank of Antioch for the purpose of dealing with the tax levy. The loan will be made at an interest rate of 5 percent.

Bills in the amount of \$68,062 for payment for construction at Oakland School were approved.

The board also voted to accept a gas bid from Olson Oil in the amount of 52.4 cents per gallon.

An attractive and practical kitchen decoration is a collection of wooden spoons, ladles and paddles hanging on the wall.

NAMES IN THE NEWS

Two young Antioch women are among the new students who began classes Monday at Monmouth Col-

MARY JONES

lege. The freshman students are members of the college's 125th entering class.

They include Julie Barr daughter of Mr. William Barr of Rt. 4, Antioch, and Mary Jones, daughter of Mr. and Mrs. Wesley Jones of 42491 Addison. Both are 1978 graduates of Antioch High School.

MELONNIE SMITH of Antioch is one of 106 students at Augustana College, Rock Island, who are attending classes this fall in such European cities as London, Strasbourg and Munich.

They are enrolled in Augustana's "Fall Quarter in Europe" program, for which they receive full academic credit.

The students left Sept. 1 from O'Hare International Airport, Chicago, for 11 weeks of study and travel abroad. They are accompanied by six Augustana faculty members. Courses being taught are European geography, English literature, European politics and ecology.

New grade school construction to begin

Bids for the construction of Antioch's new grade school have been examined and low bidders have been determined.

This was disclosed at the Tuesday, Sept. 5, District 34 Grade School board meeting by Dr. Donald Skidmore, superintendent.

The legal staff of the Capital Development Board (CDB) is now reviewing the bids to determine if they meet qualifications. This is a necessary procedure for the school board, since CDB is assuming part of the cost of the school's construction.

THE NEW SCHOOL will have a capacity of approximately 450 students. Assuming there is no new significant population growth between now and its completion, the school would allow for the closing of Channel Lake school and discontinuation of the usage of the portable classrooms at Oakland.

The new school will be located near the Upper Grade School. The target date for completion is October of 1980.

According to Dr. Skidmore, construction of the school should begin sometime in October.

MAJOR CONTRACTORS include: Jenkins and Boller Co., Waukegan - general contractors.

Hans Jensen and Sons Inc., Chicago - heating contractors.

Carey Electric, McHenry - electrical contractors.

THE TOTAL CONTRACT for the school is approximately \$1.6 million.

The naming of the new school also came under discussion at the board meeting.

Dr. Skidmore said school principals felt that if the school is named after a person, it should be someone of international reputation and someone long since deceased.

The board decided upon holding an essay contest to name the school.

NOTICE

Political and Campaign Signs

Political or campaign signs on behalf of candidates for public office or measures on election ballots provided that said signs are subject to the following regulations.

1. Said signs may be erected not earlier than 45 days prior to said election and shall be removed within 15 days following said election.

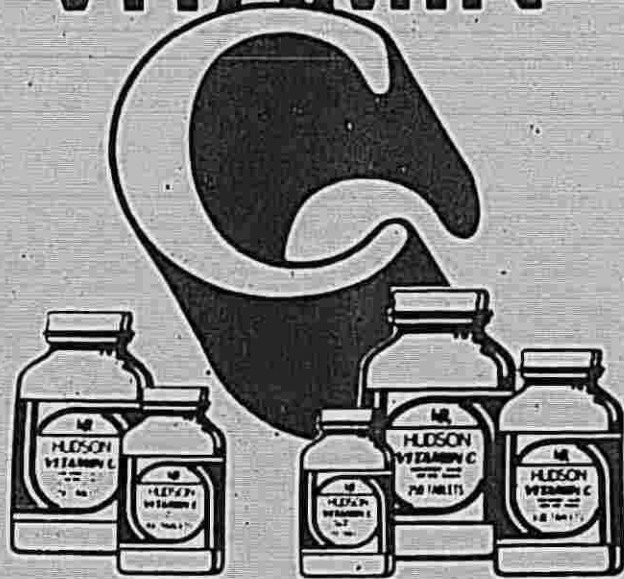

2. In any zone, only one stationary sign is permitted on any one parcel of land. Said sign shall not exceed 32 square feet in aggregate area and, if detached, shall not exceed

six feet in height. Said sign shall not be erected in such manner as to constitute a roof sign. If there should be more than one tenant, each tenant shall be permitted the above allowed dimensions. Notwithstanding the provisions of this subparagraph, a sign may be placed upon any legally existing sign structure, but not so as to cover an already existing current sign.

3. No sign shall be located within or over the public right-of-way.
